VOLUME CVI--NO. 239.

ALEXANDRIA, VA., MONDAY EVENING, OCTOBER 9, 1905.

PRICE 2 CENTS.

A rich man died the other day. He died in the very midst of life, and he left his family \$1,000,000.

The doctor's certificate showed that death resulted from typhoid fever. The doctor himself said to a friend: "That man was a suicide. He had a splendid constitution. I could have pulled him through if his stomach had been sound. But he ruined his stomach by hasty meals, snatched in intervals of business and by neglect of symptoms which have been warning him a year past, that his stomach was falling in its duties."

The symptoms of a disordered stomach are, among others, variable appetite, sour risings, heartburn, undue fullness after eating, dull headache, dizziness, constipation, discolored eyes, fluctuations in physical strength, nervousness, sleeplessness, depression. No person will have all these symptoms at once.

The restoration of the stomach to sound health, begins with the first dose of Dr. Pierce's Golden Medical Discovery. The cure progresses until the functions of the stomach are in healthy operation. Then the nerves are quiet and strong, the appetite healthful, the sleep restful, the eyes bright, the complexion clear.

Please accept my thanks for the benefit which my child received from your medicine. writes Mrs. W. A. Morgan, of Sylvania, Mo. "He had been troubled for nearly a year with liver complaint, indigestion and constipation. I gave him your Golden Medical Discovery and Pleasant Pellets, and they did him great good. I gave him the Discovery about eight months and several vials of the Pellets. He seems to be perfectly well now."

If you want a cure accept no substitute for "Golden Medical Discovery."

These ORIGINAL Little Liver Pills, first put up by Dr. R. V. Pierce over 40 years ago, have been much imitated but never equalled. They are made of pure vegetable, concentrated and refined medicinal principles, extracted from native American roots and plants. They specifically relieve and cure foul, torpid and deranged Stomachs, Livers and Bowels and their attendant distressing ailments. One, two, a laxative, three or four a cathartic.

GET HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Manuell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 29, and used it for entire business. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head.

On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Charged With Triple Murder.

By the arrest yesterday of Alanzou Graham, on information furnished by Mrs. Ingerick, the authorities believe that the mystery of the triple murder at the Olney farm, near Middletown, N. Y., on Friday will soon be cleared up. Graham, who is 65 years of age and lives alone within a mile and a half of the Olney place, was lodged in jail. A search of his house revealed evidence that appears to clearly connect him with the crime.

Mrs. Ingerick, who was found fearfully injured and insensible in the Olney barn, recovered consciousness yesterday morning sufficiently to understand questions addressed to her by District Attorney Rogers. She was hardly able to speak, but replied to inquiries by nodding and shaking her head. Precisely what information was elicited from her has not been made public, but immediately after the examination County Detective Wood and Chief of Police Brinkhoff hastened to Graham's house and arrested him.

Later, when a thorough search was made of the place, the detectives found blood spots on the floor and a pair of overalls spotted with blood in the kitchen. Graham took his arrest coolly and declined to make any statement.

Mrs. Ingerick was formerly employed as a housekeeper by Graham and left there about two months ago to go to the Olney brothers. Graham, who is said to have been jealous of Mrs. Ingerick, is known to have made several visits to the Olney place within the past two weeks, apparently for the purpose of persuading the woman to return to him.

Additional information tending to connect Graham with the crime was given to the District Attorney yesterday by Lulu Ingerick, the 13-year-old sister of the murdered girl, who was the first to discover the tragedy. Lulu said that Graham frequently threatened to strike her mother when she was employed by him. She also described him as a man of a violent and cruel disposition, and as an illustration told how he had killed several cats by driving chisels through their bodies and cutting off their heads. He appeared, she said, to have a particular dislike of her little sister, the murdered girl.

Graham was later released, no evidence being adduced against him.

Crime of Army Pensioner.

A terrible, and, as yet, inexplicable, tragedy was discovered in the village of Amesbury, near Salisbury, England, early on Saturday morning. Peter Head, an army pensioner, murdered his six children in a lane at the back of the local workhouse, and then committed suicide. Head was formerly a battery sergeant-major in the Royal Garrison Artillery, and for some time past he had been augmenting his pension of 24. 9d. a day by acting as an insurance agent, his principal clients being soldiers in Balford Camp. His books were in order and he was passionately fond of his children, and the news of the crime was, consequently, scarcely credited by those who knew him. The only possible explanation for the crime is that financial losses on a poultry farm at Picket Twenty, near Andover, and the burden of supporting his mother, in addition to his wife and large family, preyed upon his mind.

On Friday morning he bought a razor at a barber's shop, and at 3 o'clock in the afternoon called at the village school for his children and went home with them. He then told his wife that he wanted to take them all for a walk. He picked up his nine-months-old baby boy, and with five other children, whose ages ranged from 3 to 10 years, left the house. He would have taken his eldest girl, Elsie, but her mother wanted her to go on an errand, and to this fortunate circumstance she probably owes her life. Mrs. Head prepared tea at the usual time. As her husband and the children did not return when darkness had set in, she became alarmed and informed the police.

Shortly after midnight Police Constable Wells was walking along the lane, when he saw the dead bodies of the man and the children lying behind two bean racks. Their throats had been cut with a razor.

Could Not Be Better.

The uniform success of Chamberlain's Colic, Cholera and Diarrhoea Remedy has won for it a wide reputation and many people throughout the country will agree with Mr. Chas. W. Mattison, of Millford, Va., who says: "It works like magic, and is the best preparation I know of. It couldn't be any better." He had a serious attack of dysentery and was advised to try a bottle of this remedy, which he did, with the result that immediate relief was obtained. For sale by Gibson & Timberman and W. F. Creighton & Co.

THE TURN OF LIFE

A Time When Women Are Susceptible to Many Dread Diseases—Intelligent Women Prepare for It. Two Relate their Experience.

The "change of life" is the most critical period of a woman's existence, and the anxiety felt by women as it draws near is not without reason.

Every woman who neglects the care of her health at this time invites disease and pain.

When her system is in a deranged condition, or she is predisposed to apoplexy, or congestion of any organ, the tendency is at this period likely to become active—and with a host of nervous irritations, make life a burden. At this time, also, cancers and tumors are more liable to form and begin their destructive work.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dizziness, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness, are promptly heeded by intelligent women who are approaching the period in life when woman's great change may be expected.

These symptoms are all just so many calls from nature for help. The nerves are crying out for assistance and the cry should be heeded in time.

Lydia E. Pinkham's Vegetable Compound was prepared to meet the needs of woman's system at this trying period of her life. It invigorates and strengthens the female organism and builds up the weakened nervous system. It has carried thousands of women safely through this crisis.

For special advice regarding this important period women are invited to write to Mrs. Pinkham at Lynn, Mass., and it will be furnished absolutely free of charge.

Read what Lydia E. Pinkham's Compound did for Mrs. Hyland and Mrs. Hinkle:

Dear Mrs. Pinkham:—

"I had been suffering with falling of the womb for years and was passing through the Change of Life. My womb was badly swollen; my stomach was sore; I had dizzy spells, sick headaches, and was very nervous."

Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

Mrs. A. E. G. Hyland

"I wrote you for advice and commenced treatment with Lydia E. Pinkham's Vegetable Compound as you directed, and I am happy to say that all those distressing symptoms left me and I have passed safely through the Change of Life, a well woman. I am recommending your medicine to all my friends."—Mrs. Annie E. G. Hyland, Chesterbrook, Md.

Another Woman's Case.

"During change of life words cannot express what I suffered. My physician said I had a cancerous condition of the womb. One day I read some of the testimonials of women who had been cured by Lydia E. Pinkham's Vegetable Compound, and I decided to try it and to write you for advice. Your medicine made me a well woman, and all my bad symptoms soon disappeared."

"I advise every woman at this period of life to take your medicine and write you for advice."—Mrs. Lizzie Hinkle, Salem, Ind.

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Hyland and Mrs. Hinkle it will do for any woman at this time of life.

It has conquered pain, restored health, and prolonged life in cases that utterly baffled physicians.
